

CHILDREN'S FASHION IN BILBAO: FASHION WITH CAPITAL LETTERS IN MINI FORMAT

Children's fashion shops in Bilbao

Bilbao, always attentive to trends without losing any of its charismatic elegance, does not leave children's fashion behind. In the 70s, when Veritas was a children's clothes shop, it dressed the King and the Infantas Elena and Cristina. Much has happened since then, but the [Bilbao shop](#), which specialises in clothing for boys and girls, continues to be an inspiration for those looking to dress the youngest members of the household with style, quality and a touch of distinction.

In our city you will find baby and children's clothes shops that make a difference, from boutiques with history to innovative spaces with personalised garments that exude creativity. We invite you to visit seven shops where you will find everything you need for your children, from more casual garments for day-to-day use, to outfits for more special occasions.

In the following lines you will find the best guide to Bilbao children's fashion, so that the youngest members of the household can flaunt their style.
